UWAGI I ZALECENIA

1. Kolory zawarte we wzorniku **FAST BASIC** uzyskane zostały metodą drukarską i mogą w niewielkim stopniu odbiegać od kolorów rzeczywistych.

Na postrzeżenie barw mają również wpływ rodzaj wyrobu i jego faktura, nasiąkliwość podłoża, rodzaj światła oraz zmienne warunki atmosferyczne – szczególnie podczas aplikacji produktów.

2. W celu uniknięcia różnic w odcieniach barw tynków i farb zawartość opakowań potrzebnych na jedną powierzchnię należy wymieszać między sobą.

3. Podczas aplikacji tynków lub farb ściany powinny być osłonięte przed niekorzystnymi warunkami atmosferycznymi takimi jak: opady deszczu, mgły, silny wiatr oraz duże nasłonecznienie.

nie w trakcie jak i na 24h od nałożenia.

4. Należy pamiętać, iż ze względu na absorpcję promieniowania słonecznego nie jest wskazane stosowanie ciemnych kolorów na systemy dociepłe jeśli stanowią one więcej niż 10% powierzchni elewacji.

Szczegółowe informacje na temat stosowania naszych produktów znajdują Państwo w Kartach Technicznych u naszych dystrybutorów bądź na stronie internetowej www.fast.zgora.pl
W przypadku dalszych szczegółowych pytań proszę o kontakt telefoniczny z jednym z naszych doradców techniczno-handlowych.
